

# **Using video to enhance teaching and learning**

**Cathy Vercoe**

## **E-cast**

This presentation will explore the implications of video as a distance learning tool and how it can be used to add depth to student learning. Video is a highly effective tool for providing understanding of complex concepts if used strategically, as well as having a direct impact on the way students present their work.

The presentation will provide practical examples of how digital video content can be used in teaching and learning.
